Congratulations Bear Chair!

This year marks the Bear Chair's 30th anniversary. Here's an excerpt from their website www.bearchair.com: The Bear Chair Company Ltd. originated in December 1987, as a result of a home woodworking shop in a Northern Ontario basement. Its founder, David Wright, saw a potential in the classic Muskoka/Adirondack Chair as a marketable product if offered in a ready to assemble form. That same year he produced one hundred chairs and made his first sale to five Beaver Lumber stores in southern Ontario. Sales grew both nationally and internationally over the next five years. In 1991, Al Decloe accepted partnership into the company, bringing extensive sales and management experience with him. Our products have been exported all over the world, including Holland, Germany, Belgium, England, Luxembourg, Spain, Portugal, Australia and Japan. The Bear Chair has proudly become one of the largest manufacturers of this style of Furniture in Canada.
